

Public Accidents

In case of serious injury to a patron or staff member, call 911.

For any accident, slight or serious, the supervisor must fill out a Patron Accident/Sudden Illness form and forward it immediately to the Director's Office.

If a staff member is injured, the supervisor and staff member (if coherent) must fill out worker's compensation form. This should also be forwarded to the Director immediately.

~~***Committee not sure if this applies to Chester.~~
